

- Page 13 Where in activity had been going on, etc.
 Meaning not clear
- Page 27 CIA Judge Advocate
 Probably should be Inspector General
- Page 55
also
Tab G,
Page 10 There is a Sovmat Staff operating as a unit of OO. Is
 this the successor of that in OSI? I think this needs
 clarification
- Page 31 Atomic Energy Estimates
 It is my impression that the first AE explosion by
 USSR was well in advance of the time estimated that it
 could be produced. If this is so, might this be mentioned
 here, with reasons for the under-estimate
- Page 33 DCI 4/2
 If this was approved 6 November 1950, why have cer-
 tain objectives not been determined after eighteen months?
 This point might be touched on in more detail, unless it
 is too sensitive
- Page 36 Just what is the Department of Defense trying to do to
 the SIC? I thought sabotage was the responsibility of
 another agency
- Page 39 Scientific panel In Boston
 I understand that the Contact Branch of OO thinks
 this is a splendid organization and of great utility to
 CIA but that OSI is more skeptical. Do you wish to com-
 ment on this?
- Page 49 Visit of AD/SI to Germany in 1950. Plans to establish
 scientific representation were made in August, 1949.
 Is 1950 correct?
- Page 70 Paragraph 1 "misplaced".
 Not clear to me, presumably the meaning is that
 the document might be somewhere about, but not where
 hands can be laid on it. This might be rephrased
